COVID-19 IMPACT AND RESPONSE

SAFE PASSAGE IS PREPARING FOR THE ANTICIPATED RISE IN DOMESTIC VIOLENCE ASSOCIATED WITH INCREASED ISOLATION AND TENSION WITHIN HOUSEHOLDS. ON MARCH 23, THE GOVERNOR DEEMED SAFE PASSAGE AN ESSENTIAL SERVICE. POLICIES AND PRACTICES HAVE BEEN ADAPTED TO KEEP THE SHELTER OPEN AND SAFE FOR CLIENTS AND STAFF.

Executive Director's Message

Jane Yorn

In so many ways, we are all in this battle together against the effects of the Coronavirus pandemic. Safe Passage is proud to be part of the leadership team for the One Batesville Task Force - a community-driven initiative to address short and long term needs associated with the COVID-19 crisis and future concerns of the Batesville area. Please watch for soon to be released information about **One Batesville** to learn about available resources and ways you can help. Thank you and be safe!

'Be a rainbow in someone else's cloud'

To brighten your day, the Safe Passage Prevention team is promoting the international movement of children creating rainbow artwork and placing them in windows as a sign of hope and connection in the midst of the isolation. Check out this one at the local Safe Passage facility. **To post artwork, search Facebook for the new Safe Passage Prevention Programs page.**

Help is not cancelled. Healing is not cancelled. Hope is not cancelled.
